

CLUB SERIES +

TREADMILL

1

ROOM TO RUN

A wider running surface of 22" (56 cm) appeals to a range of exercisers, and the sleek design and low step-up height of just 8" (20 cm) ensures the treadmill fits well in your home.

3

SWING-FREE AREA

Open space near the console provides more room while you exercise, and integrated speed and incline buttons allow adjustability, without interfering with your workout.

4

BUILT TO LAST

The reinforced upright design, aluminum kick-resistant endcaps and second generation FlexDeck™ shock absorption system ensures this treadmill will stand the test of time. Wi-Fi-enabled LFconnect™ Protect allows for remote diagnostics.

2

ADVANCED EXERCISE TECHNOLOGY

The intuitive touchscreen console creates a connected experience. Your last workout is automatically saved, so you can replay it and strive to improve your performance. Challenge yourself with our auto-refreshed trending workouts. And, track your progress over time and push workout data to your favorite apps through Bluetooth® and NFC connection.

The Club Series+ Treadmill is rooted in more than 20 years of the reliability and cardio excellence that is favored in health clubs around the world. This re-designed, re-engineered treadmill offers intuitive technology, advanced features and a modern frame design that looks and fits great in the home. Now that's a plus.
