

S+ CLUB SERIES+

CROSS-TRAINER

LifeFitness

1

TOTAL BODY EXERCISE

The 20" (51 cm) stride creates a smooth and natural motion developed from years of research on the ellipse motion. When combined with moving arms enhanced with our multi-grip design, you can achieve a comfortable total-body, low-impact workout.

2

ADVANCED EXERCISE TECHNOLOGY

The intuitive touchscreen console creates a connected experience. Your last workout is automatically saved, so you can replay it and strive to improve your performance. Challenge yourself with our auto-refreshed trending workouts. And, track your progress over time and push workout data to your favorite apps through Bluetooth® and NFC connection.

Bring home your favorite workout from the gym with the Life Fitness Club Series+. Rooted in 20 years of reliability and innovation, this workhorse cardio series is a trusted fixture in top facilities across the world. The Club Series+ Upright LifeCycle Bike offers superior product features for your best workout, advanced exercise technology, and a modern design that looks great in the home.

3

VERSATILE HANDLES

Integrated resistance controls on the moving handles allow you to change your workout on the fly, and the multi-grip design lets you find a hand position comfortable to you. Plus, stationary handles provide exercise variety.

4

OVERSIZED FLEXFORM PEDALS

Large, 15" pedals have a curved design to enhance comfort. The non-slip surface of the pedals is easy to clean.
