

# PREMIUM FEATURES

The premium ISIS bottom bracket cartridge ensures greater surface area contact, a sturdier connection, and less maintenance than a traditional square joint. This same bottom bracket cartridge is used on high end bicycles. There are many key components responsible for optimum performance of an indoor cycle. The Hutchinson drive belt, ISIS bottom bracket cartridge, pulley size and material, gear ratio and three piece crank have been carefully chosen on the CIC800 and incorporated into the overall design to assure optimal performance and durability. These components, along with an ergonomically correct frame design and full fore/aft/up/down adjustability, combine to make the perfect indoor cycle for your facility.

## EQUIPMENT SPECIFICATIONS

<b>Resistance</b>	Magnetic, Rotary Knob; Micro Adjustments
<b>Drive Train</b>	Industrial Grade Hutchinson Poly-V Belt and ISIS Oversized Bottom Bracket
<b>Flywheel</b>	Perimeter Weighted 37 lbs. Flywheel; High Inertia System
<b>Seat</b>	Racing Saddle
<b>Foot Pedals</b>	Dual Sided w/SPD & Toe Cage
<b>Frame</b>	High-Strength Steel w/Durable Powder-Coat Paint
<b>Handlebar/Handlebar/</b>	PVC coated, Multi-Grip Design, Built-In Water Bottle Holder
<b>Seat Posts</b>	Aluminum w/Stamped Numerical Height Indicators
<b>Adjustments</b>	Up/Down - Reliable Pop-Pin Adjustments; Fore/Aft - Knob Tightening Micro Adjustments
<b>User Size Range</b>	Typically 4'11" to 6'5" tall
<b>Dimensions</b>	42" x 21" x 40.5"
<b>Product Weight</b>	126 lbs.
<b>Max User Weight</b>	350 lbs.
