

The CT800 is stout and extremely durable, weighing in at over 350 lbs. The combination of the heavy duty steel frame and aluminum console masts & side rails make it comparable to treadmills at much higher price points in the commercial market. The large workout area makes this model very appealing to walkers and runners.

FEATURES

- Bright, tri-color LED console with programming very similar to our other C series consoles
- Quick Speed and Incline keys to save time and make workouts more efficient
- Contact and wireless heart rate options to help keep clients in their safe & effective training zone
- Dual-drive motor cooling fans to protect and extend the life of the motor and control board
- Maintenance free, hard wax deck system provides hassle free use for thousands of miles
- Spacious 22"x 60" workout area to accommodate tall individuals
- Multi-ply Habasit® Commercial Belt for superior belt life
- C-safe Power and Communication capabilities for A/V control

OPTIONS SOLD SEPARATELY

CONSOLE FEATURES

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: dual storage trays for beverages, keys, or phone, ergonomically friendly pulse grip posts for a more natural hand position, and a Turbo cooling fan to keep your clients cool and encourage them to workout longer.

A quick press of a button and your clients are off on a walk, a run, or one of the many specialized workouts. Our large, easy-to-read console gives them constant feedback from calories to distance to time.
